Chapter 1: Dawn

A New Beginning

It was time once again, it happens only once a year and is one of the most painful times of the year, the first day of school. The harsh sound of my alarm went off for the fifth time as I slowly started to wake up. I heard a small knock on my door "Come in," I mumbled. It slowly opened and a head popped out of it. He had orange hair with chocolate brown eyes, his skin kind of like a peachy color with freckles scattered all over his face. He whispered "Dawn, it's 6 Am, we're going to be late for school." I sprung from my bed with those words being the only thing on my mind. I got dressed for the day as I called out " Go on ahead i'll catch up later Felix." He got out two lunch boxes and an apple with toast "I made you breakfast and a lunch for us." "Thanks Felix," I yelled from the bathroom. I sighed with relieve, what would I do without him? Sure, he didn't talk much, but he was very responsible and caring. I finally got done with brushing my hair and grabbed a piece of toast he left for me and I stuck it my mouth as I also snatched the apple. He was standing by the doorway, wearing a orange and red striped scarf, a black jacket with a white shirt under it, and had dark blue jeans. He smiled and held the door open for me.

honked the horn and his cursing was fading as he drove away. "Hey watch where you're going!" I shouted after them but then I felt a strange feeling, like as if something was going to happen. Felix looked at me with concern, like as if he knew what I was thinking, "Is something wrong?" He asked. "I don't know I just got a bad feeling." Both me And Felix shrugged the feeling off and kept running to the school. As they came up onto intersection of a Y in the street. Right as we arrived at the Y I heard a second pair of footsteps "look out!!!" I heard but it was too late. I slammed into another kid. As I looked up I noticed that he had Blue hair and two different color eyes one red and one pitch black . He was wearing a white shirt and a dark blue tie that seemed to be hastily put on. He stood up patting the dust off then he stuck his hand out "Hello" he said while his face sparkled.

Chapter 2 by Zane Cross

Gee, it's the first damn school day and what do I do? I not only slam into a girl But When I was trying to get my balance I headbutt into a roof of a car, causing a big bruise to appear on my forehead. I stood up, the pain on my forehead gave me a headache, but hopefully it won't last too long. I took a deep breath and straightened my tie and dusted off my shirt, trying to look somewhat presentable. I smiled, hiding all of the embarrassment I just went through, "Hello," I stuck out my hand for a handshake. I then suddenly felt something on my nose, and right away I knew what it was."Senthil cut the sparkles" I look at Senthil my partner who was throwing glitter onto my head from behind the building. "But then what will I do with all this Glitter that i stole secretly from a child- Oh Crap" he said putting his hand on to his mouth. "When and why did you do that?" I said annoyed. I'm going to have to apologise for him again. I thought. "I have an obsession with glitter and shiny things MY... GOD!!! you know this already." Senthil said angrily. "Especially Glitter glue. Just imagine having two things sticking together in perfect harmony, And now imagine world peace but with glitter." Senthil said "You stole glitter glue from a kindergarten class didn't you." I said Disappointed. "Umm excuse me but are you guys students of the DWMA?" The girl said. "Yes... Mr. Sparkles here and I are partners... are you two also students?" I said "And I would also like to know your name." The girl and the guy both looked at each other then shrugged, she turned back. "my name is Dawn and that's Felix" she said "And

up here." I said. "Don't you think senthil...senthil?" I turn to him. He looks at the sky with concentration. "it needs glitter." senthil said.

"Lookout." a voice said. I turn around just in time to catch a girl who had brown hair,pink eyes and was also top heavy/plots was going to fall on her face. "are you alright?" I said looking down at her. "I'm OK..." she turned instantly red when she looked up at me. She recoiled back and fell on her behind."I'm so sorry that I ran into you." she said quickly, her face still red."it's alright I'm used to it." I said waving the apology aside. I helped her up."hey I also didn't catch your name." I said. "oh my name is-"

"Katelyn there you are I was looking for you why did you run off?" a man's voice said. I turn around to see a guy around my age a little older looking at the girl. He looks at me with a glare. "who are you?" he said. "I'm vex and this is senthil." I said pointing to senthil who was waving at him. "I see... well I'm Perseus And that's my partner Kaitlyn." he points to the girl next to me. I look down to see her face getting more red by the second. "is your partner OK?" I said curiously. "I don't know this is the first time I saw her this way." Perseus said scratching his head. "n-no I'm fine...really I'm just kinda nervous and embarrassed." Kaitlyn said.

"about school?" I said raising my eyebrow. She Nodded. "I was homeschooled for a few years." she said. her face turned bright red when she said that. "don't be nervous about school... if you need help just come find me or senthil alright?" I said smiling. She looks at me smiling,her face not red anymore."alright I'll do that." she said cheerfully. "I'll see you later class is about to start." I said waving my goodbyes to them.

"Let's hurry up and get to class." senthil said hurrying up his pace a little. He turned a corner and smacked into logan. I picked senthil up "we have got to stop meeting people like this." I said smiling. Dawn picked up Logan and stared at me and senthil.

"WE...have got to stop meeting like this." she said. "you guys going this way to class too?" I nod. "well then let's get going before were late." dawn said.
